Commanders Corner

Commander's Corner

Greetings Fellow Legionnaires,

I hope that everyone had a good Easter. We are celebrating Mothers' Day and Memorial Day this month. The History Officer also records the *USNS Card which was sunk by an NVA diver limpit bomb before the Gulf of Tonkin incident* and "Decoration Day" the predecessor to Memorial Day which was first observed in 1866 and some YouTube videos. The Service Officer has information on Managing your medicines on VA site, maximizing GI Bill benefits, Back Pain Exercises and other MyHealthVet app information, several VA Resources like VA HEALTH CONNECT to VA Nurse 24/7 for non-emergency medical services, Veteran Discounts, etc. There are also some California Legion Department stories like PTSD medicine research and West LA VA Campus Homeless Veterans Housing.

All are invited to our Post meeting which is on May 4th where we have a social hour prior to the meeting with meals served, so please plan on attending. There are also the usual District-wide events like Monday chess at Post 858, Vet to Vet Café at Post 419 on Thursdays. Post 419 also hosts a First Sunday Breakfast. There are also Memorial Day ceremonies at Oak Hill and Los Gatos Cemetery [Check the District 13 Calendar](#) and [Post 642 Calendar](#) for information.

Remember that we meet at [the Odd Fellows Lodge #70 on Homestead Road](#) on the first Monday of the Month at 1800 for socializing and a light meal and refreshments then check out the meeting at 1900.

We really want to get more people attending the Post meetings and events and to be more social, so let us know your ideas by coming to our meetings. **I would like the current attending members/officers to use the roster to call and invite members to our meeting which is also a form of Buddy Check.** Newly attending members do give us a heads-up, so that we can request extra rations versus our regular contingent.

The next person on the meals roster ([on the Adjutant's Corner](#)) will take the cooler with drinks, etc. for the next meeting. If additional drinks are required, it will be reimbursed above the normal meal amount. I have the cooler and will bring it to the meeting for the meal.

We need a Finance Officer to step up as our long time Finance Officer Mike O'Meara needed to step down for personal reasons and Arturo is temporarily holding that position as well as Adjutant. If you have questions about the position, please reach out to either Mike O'Meara at (408) 691-8277 or momeara47@yahoo.com or Arturo (Adjutant and Temporary Finance Officer). In our Post Bylaws Section 5. Duties of the Finance Officer. The Finance Officer shall be charged with custody of the funds of the Post. He shall keep its accounts and report thereon at regular meeting of the Post. They shall receive all funds of the Post and pay all bills approved by the Post. The office of Finance Officer and any other officer and/or positions charged by the Post Constitution and/or Bylaws, with the responsibility of handling Post funds, should be bonded and must pass a credit check. This position is important for maintaining the Post Charter and eligibility in the District.

Please remember that if you have Post or Veterans events that you would like on the calendar get them to Arturo. Please include pertinent information like event information, contacts, address, where to meet, etc.

<https://www.americanlegionpost642.com/site/eventscalendar.php?y=2023&m=3>

If you know of deceased members during the past few months either bring their name and share with our District Chaplain, (currently vacant) so contact the Adjutant at wheimsoth@aol.com with information or if you would like to volunteer for the District 13 Chaplain position.

To Comradeship!

Adjutant Update

Greetings Legionnaires,

April showers bring May flowers and as we enter the month of May everything remains green here in the bay area. I should note that due to the reduced attendance at our April meeting we did not open the floor for nominations for the officers for the upcoming 2026-27 Legion Year at our Post. We will be doing so at our 4 May 2026 meeting,

As a reminder here are the current elected positions that we will be accepting nominations for:

<u>Position</u>	<u>Current Officer</u>
Commander	Vince Guinnane
1 st Vice Commander	Cassius Williamson
2 nd Vice Commander	Vacant
3 rd Vice Commander	James Barnhart

Three Additional Executive Committee Members (can be any of the appointed officers below or any other Post member not holding an elected Post officer position).

- 1.
- 2.
- 3.

These positions below are appointed by the Commander:

Adjutant	Arturo Thiele-Sardina
Finance Officer	Arturo Thiele-Sardina (Acting/Temporary)
Seargent of Arms	Ken Klinkowski
Judge Advocate	Bob Devlin
Historian	Dennis Whittaker
Chaplain	Bill Reichard

Please consider running or filling one of these positions as part of your membership in the American Legion. The elected Post Officers represent you and as an officer you have the change to make changes and drive new programs, meeting agendas. As our Post gets smaller in size and older, several officers are no longer able to perform their duties and positions are either vacant or temporarily filled. Please consider serving this upcoming year!

I was able to attend the Sam Liccardo Veterans Meet and Greet luncheon that was hosted by the MOAA several weeks ago. The turnout was impressive, as over 100 Veterans, spouses, and drilling reservists and active duty military personnel were in attendance. The topics covered ranged from the Commissary at Moffett, to housing, Veteran compensation, and other related issues that impact Veterans and those still serving. He spoke and then opened the floor for questions, and his staff followed up with the audience regarding specific issues raised.

Earlier this month we had our third and last De Anza Student Veterans Lunch that our Post sponsors at the Veteran Resource Center at De Anza. We had a good turnout (20 students and 3 Post members were also in attendance). Once they announce the new academic year calendar I will let you know what the dates will be for the 2026-27 year.

Memorial Day will be held later this month on 25 May 2026, and there will be various ceremonies held within Cupertino, San Jose, Los Gatos, and other nearby communities. Please look at our Post calendar on the website to see what ceremonies will be held on Memorial Day and the other events held by our Post and surrounding Posts.

“Duty First”

History Notes:

May 2

1964: Two months prior to the Gulf of Tonkin incident, a North Vietnamese frogman plants an explosive charge on USNS *Card* - a reactivated World War II escort carrier ferrying helicopters and American soldiers to South Vietnam as the ship sits at a dock in Saigon. The blast kills five civilian crew members and *Card* sinks. The vessel is patched, raised, and will return to service in December.

May 5

1862: Disappointed in the lack of progress of Maj. Gen. George B. McClellan's Peninsula Campaign, President Abraham Lincoln departs for Hampton Roads, Va. on the Treasury Department revenue cutter *Miami* to personally oversee operations. Over five days, the president - a former militia rifle company commander - directs the bombardment of Confederate positions and lands to conduct reconnaissance of the area with Secretary of War Edwin M. Stanton and Secretary of the Treasury Salmon P. Chase.

1917: Eugene J. Bullard becomes the first black combat aviator, earning his wings with the French Air Service. The Columbus, Ga. native's father came to America from the Caribbean island of Martinique and his mother was a Creek Indian. Bullard fled to Europe to escape racism in the United States and joined the French Foreign Legion as a machine gunner, seeing action in the Somme, Champagne, and Verdun campaigns before being wounded. After recovering, he joined the air service and earned his pilot's license. The "Black Swallow of

Death" would fly 20 combat missions for the French - claiming two aerial kills - before war's end. He volunteered for the infantry when Germany invaded France again in 1940 and was wounded.

1945: A Japanese balloon bomb explodes in Bly, Oregon, killing a pastor, his wife, and five Sunday schoolchildren on the way to a picnic. The Japanese sent over 9,000 of these incendiary devices into the jet stream, hoping some would land in America and the small explosives would start forest fires or cause casualties. A few hundred of the world's first "intercontinental weapon" were observed in the United States, going as far inland as Iowa and Michigan, but the only casualties are the one explosion in Bly. The highly

technical devices use altimeters and valves to control the hydrogen-filled balloons during the three-day, 8,000-mile flight from the east coast of Japan's Honshu island.

1961: At 9:34 am, U.S. Navy Commander (future rear admiral) Alan B. Shepard Jr.'s Mercury-Redstone rocket blasts off from Cape Canaveral, Fla. Shepard becomes the first American in space as his "Freedom 7" capsule carries him 116 miles above the Earth's surface. NASA's first manned space flight tests the ability of humans to withstand the intense g-forces during liftoff and re-entry as Shepard encounters 11.6 g's as he plummets to the surface during his 15 minute flight.

May 7

1915: Just off the coast of southern Ireland, the submarine U-20 spots the massive ocean liner RMS Lusitania, steaming from New York and hoping to sneak through Germany's blockade of the British Isles . The U-boat fires a single torpedo at the ship and Lusitania sinks in just 18 minutes, taking 1,198 people including 128 Americans with her to the bottom. While the British government maintained for years that Lusitania was purely a passenger liner, the secondary explosions which caused the vessel to sink so quickly may have been from the tons of ammunition secretly being transported from an allegedly neutral United States. The sinking of Lusitania will be a major factor in the United States declaring war on Germany two years later.

May 9

1941: 40 Allied ships steam west across the Atlantic, right into the jaws of a waiting wolfpack of German U-boats. *U-110* and *U-201* make a coordinated attack on the convoy, sinking three freighters. British escort vessels score hits on both subs, sending *U-201* back to German pens for repair. *U-110* is forced to surface, and the captain orders his crew to abandon ship as it appears the destroyer HMS *Bulldog* is preparing to ram the sub. British sailors quickly seize the opportunity to board the fatally wounded submarine instead, grabbing the Enigma cipher machine and German code book. The British can now read the German Navy's traffic - a secret so closely guarded that the United States isn't informed until 1943.

May 15

1918: Privates Henry Johnson and Needham Roberts of the all-black "Harlem Hellfighters" become the first American soldiers to be awarded the Croix de Guerre - France's highest decoration for military valor. When a German raiding party attacks their outpost and captures Roberts, Johnson fights back with grenades, gun fire, his rifle butt, knife, and fists, rescuing his fellow soldier and forcing the Germans to retreat. Johnson is wounded 21 times in the fight, but is not awarded the Purple Heart until 1996 - decades after his passing - and is finally awarded the Medal of Honor in 2015.

1963: U.S. Air Force Maj. (future Col.) Leroy Gordon "Gordo" Cooper, Jr. blasts off aboard "Faith 7", the final Mercury mission. Cooper will spend over 34 hours in space - circling the globe 22 times - before a short circuit kills the capsule's automated control system. Cooper has to use the constellations and his watch to manually fly the capsule back to Earth, splashing down just four miles from the recovery ship in the Pacific Ocean.

The former U.S. Marine private (serving in the Presidential Honor Guard in Washington, D.C.) ultimately was commissioned an Army second lieutenant, before his days as an Air Force fighter jock and test pilot.

May 30

1866: "Decoration Day" — the predecessor to Memorial Day is first observed by order of U.S. Army Gen. John A. Logan, who designated the day "for the purpose of strewing

with flowers or otherwise decorating the graves of comrades who died in defense of their country." Maj. Gen. (future U.S. pres.) James A. Garfield presides over ceremonies at Arlington Cemetery (the former estate of Confederate Gen. Robert E. Lee), and approximately 5,000 participants decorate the graves of both Union and Confederate dead about 20,000 of them buried on the grounds.

of Veterans Affairs

VA helps Veterans maximize their GI Bill education benefits.

The Department of Veterans Affairs is making it easier for eligible Veterans to maximize use of their GI Bill education benefits in the wake of two recent court rulings. The rulings (*Rudisill v. McDonough* and *Perkins v. Collins*) potentially enable millions of Veterans to receive additional education benefits under both the Montgomery GI Bill and the Post-9/11 GI Bill. Veterans may be eligible under either court decision for an additional 12 months of benefits, up to a total of 48 months.

From *The California Legionnaire*,

Our top Veterans news beats over the last week, starting with... President Trump signed an executive order this past weekend directing federal agencies to expedite research into psychedelic drugs as mental health treatments, particularly for Veterans suffering from PTSD and related ailments. The move complements and streamlines a process for VA research into drugs like MDMA already underway in California and other states.

The order also sets aside \$50 million to support research and expand access if the treatments discovered are deemed safe.

President Trump's order follows recent research that suggests that while psychedelics may have potential for treating mental health, they are not without risk.

More details in the links below.

More Articles This Week

- A federal panel hosted by the National Academies is asking Iraq and Afghanistan War Veterans to offer their perspective as it examines possible links between military service and neurological conditions that develop years or even decades later. *Our feature article has more details*, and statements can be submitted via the [National Academies' portal](#).
- A trio of bills are making their way through Congress that would reduce restrictions and update compensation for Gold Star Spouses and families. Supporters claim the programs have not kept pace with other federal programs that are routinely updated with cost-of-living adjustments.

Quick California Veterans News Bites

- Per the Los Angeles Times, the VA's 2027 budget does not include provisions to develop permanent housing for Homeless Veterans on its West LA Campus despite assurances from President Trump that the project would be completed before his term expires. Funds do appear to be allocated to renovations for existing infrastructure on the campus. *Our team at The California Legionnaire is looking into this story and will post an update later this week.*
- War Secretary Pete Hegseth announced that Service Members will no longer be required to receive annual flu vaccinations. Vaccines will, however, remain available for all Service Members who elect to receive one.

That is all for this week. Signing off,
